One stop shop for roofers.

Material Only

Panels cut to your lengths, trim bent to your specs, and every accessory to finish the job. Pickup or delivery.

Material + Install

We supply the package and our own crews put it on. Your customer, your job - we show up and leave it clean.

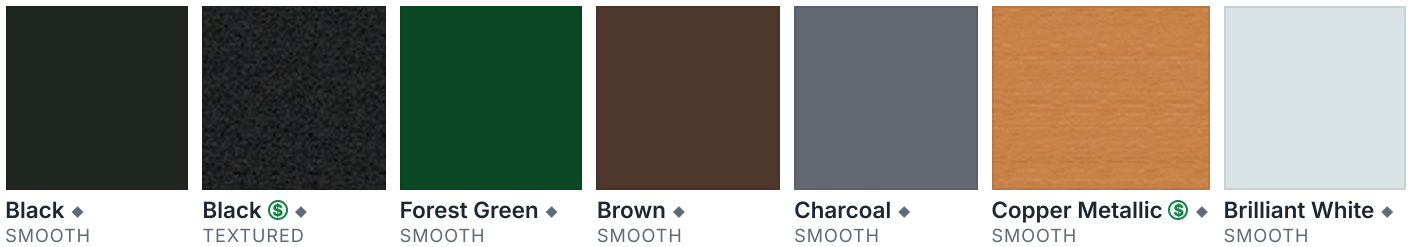

Install Only

Sell metal without hiring a metal crew. Our installers do metal roofing and nothing else.

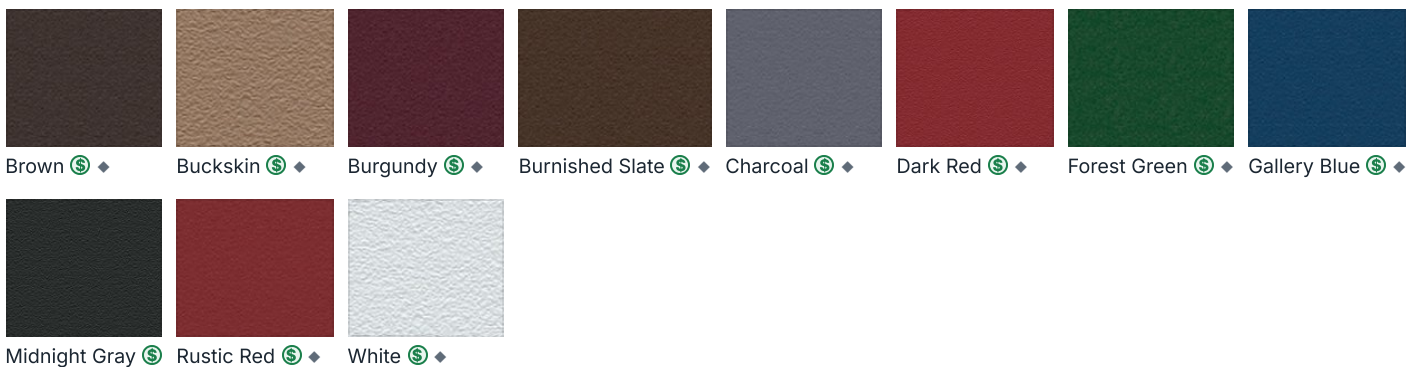

Colors - 26 & 28 Gauge

Most Popular Our best sellers

Premium Textured Low-gloss textured finish

Premium Smooth Smooth, standard-gloss finish

26 & 28 gauge only. These are SMP colors. 24 gauge uses PVDF paint with a separate color chart - ask us.

♦ **Available on standing seam.** Every color runs on Classic Rib. Matching trim is bent in-house in every color we roll.

Ⓢ **Premium color** - additional cost. Ask us for pricing.

† **Galvalume® is unpainted** and is not covered by the finish warranty.

Colors shown are representations and may not be exact due to printing and screen variation. Order metal samples before making a final color decision.
